SUGGESTIONS FOR CLASS EXERCISE...

Assignment:

Each problem listed below (in orange) is shown to the entire class, one by one.

The students are invited to guess the answer (in black).

The answer and question remain on the board.

The good reply is compared to their own to see how close/far they were.

The consequences and implications of these problems are raised and discussed.

All the class participates

15 minutes session.

Electric Drill

Average use time:

4h in it's entire life...

Food ingredients

The average distance travelled:

2000 km

From the producer to your table...

1kg of strawberries in winter
Consumes in transport:

About **5 lt.** of engine fuel

A Car

Is not used - parked-

95% of the time...

Fruits & Vegetables

In Europe has gone from a variety of 5000...

... **50** in **100** years

Packaging

In our waste it represents...

30% in weight &

50% in volume

Postal Junk mail

An average adult receives in a year...

Around **18,6 kg**
