**Objectives:**

The main objective of this meeting is to kick off the work of the Workstream on “Social innovation in cities”. In particular, it will:

- Bring the Core Group Members together, introduce them to each other and build the team
- Introduce the research context and present the work process
- Invite and exchange with Appointed Witnesses
- Discuss the State of the Art document, provide inputs and reflexions for the research
- Reflect upon identified initiatives and insightful approaches
- Agree and prepare for the Chat sessions
