urbact@environnement.irisnet.be
sustainable-everyday-project.net/urbact-sustainable-food

Hosted by

Connecting cities
Building successes

Supported by

Avec le soutien de :

Joint strategies, methods and tools
to defeat food wastage

How to make all citizens able to benefit from a sustainable quality food ? How to reduce food wastage at home, at the supermarket, at the canteen and at the restaurant ?

Interreg IVB project GreenCook and Urbact II Sustainable Food in Urban Communities join forces in view to inform you accordingly and build relevant strategic plans towards more efficient local, regional and European food policies.

Those two workdays will be hosted at the Hotel Bloom, Rue Royale 250 – 1210 Brussels (www.hotelbloom.com).

An English/French/Dutch translation will be provided during the GreenCook Final Event. The Sustainable Food in Urban Communities Mi-Term Event will only be available in English.

For professionals only.
